Personal Website: <http://rickylei.info>

OBJECTIVE

Junior Front-end Developer specializing in Web development. Seeking an entry-level job position to build a long-term career by investing the best of my Web knowledge. Able to start at any time.

SKILLS

HTML5 CSS3 Git HTTP JavaScript jQuery

PROJECTS

1. **navKeyboard:** <https://github.com/RickyLei7/navKeyboard>

navKeyborad is a keyboard that I designed to open a website by tying a key with a specific icon on. It can be edited of your preference and easily go to the website.

2. **canvas:** <https://github.com/RickyLei7/canvas>

This simple canvas has pen, eraser, reset brush and download icons with HTML5 SVG. You can make note and draw a picture in four deferent colors and save as png.

3. **slideshow:** <https://github.com/RickyLei7/autoSlide>

A classics slideshow with JavaScript, DOM and jQuery.
